FREE PRESENTATION: AGED-CARE ACCESS

Local Guardians present an information session on the following topics:

- Help people access government-funded home care.
- How the government's Support at Home program works
- Reduce the overwhelm on how to navigate the system and get the most out of their funding.
- Supply you with informative materials about self-management.
- The range of free clinical and discounted in-home services available for older Australians.
- How clients can self-manage their funding—an alternative for those who want to choose their own care workers in the community, often at lower rates and with greater flexibility.
